ANOTHER ART CARBUNKLE SCAN.

Greg's Last Tattoo

Cartooning is a dangerous art form, like dancing on a freeway naked...or stepping out in front of a bus.

The communication between cartoon art and its audience is powerfully direct. For this reason, the medium puts an absolute demand for honesty on its practitioners. A *poseur* might get by as a poet, a gallery artist, or a rock star. But a *phony* cartoonist will never be mistaken for a *great* cartoonist.

Robert Crumb realized the total vulnerability of his chosen craft, and turned that vulnerability into an asset by inventing the "confessional" comic strip. A whole genre has grown out of Crumb's autobiographical explorations, and one can safely predict that "confessional" comics will be with us for a long long time.

Confessional comics were probably not Greg Irons' natural genre. As a young firebrand on the San Francisco/Berkeley scene in the late sixties and early seventies, his greatest strengths were political satire and ecological outrage (with horror and science-fiction/fantasy close behind).

But by the mid-seventies, unhappy events in his own life turned him inward, toward satirical self-examination. He began a series of autobiographical strips starring Gregor, "the purple-assed babboon." In these stories Greg seemed to be trying to resolve a major identity crisis, as he mocked himself mercilessly.

I'm told that the two stories printed here for the first time are Greg's last finished comic work before he was killed by a bus in Bangkok, Thailand, in November 1984. (Another story, his final "GI/TV" collaboration, had reached rough pencils by the time of his death.)

These two stories are in the confessional genre Greg had come to favor. They are satirical looks at events in his own life.

In the first, Greg depicts himself as "Darnold Duck", the character from the old Kurtzmann/Elder Disney parody. Like his "Darnold", Greg really did buy a big old gaff-rigged sloop which he

envisioned, in his fantasies, would give him safe passage out of the coming apocalypse. The story pretty much reflects, in a wildly exaggerated way, the outcome of Greg schemes.

The second story, starring the infamous Gregor, is about Greg's love-hate relationship with a vintage Volkswagen, and his subsequent bicycle accident, in which his face was torn open by a windshield wiper.

The panel where the machete comes down on Gregor's snout -- "Here comes Mr. Karma "-- seems scarily prophetic of the terrible event that terminated Greg's life at age 37.

I'm proud to say that Greg Irons was my friend. I'm proud of the outrageous comics we did together. My only regret is that he has gone largely unrecognized by the world at large. It always seemed to me that his was a talent that could and should bloom into the stature of a Durer, a Hogarth, or even a Goya. The man was a genius, and an artist who had only begun to tap the resources at his disposal.

Greg made a number of choices, based on honesty, that had the effect of curtailing his career as a cartoonist. He, like Crumb, was invited to sell his vision to Ralph Bakshi. Greg turned Bakshi down. He, like most of the underground artists, was invited to contribute his work free-of-charge to the "Rolling Stone History of Underground Comix." Greg saw a rip-off, and refused, and the power-brokers at Rolling Stone aced him out of the book (together with S. Clay Wilson, who also refused.)

Greg made many decisions like that, decisions of moral principle, decisions not to sell out to the exploitative media establishment, decisions that cost him a wider success.

But some of us have not forgotten Greg Irons. How could we forget? In my own life, his stands as one of the most intense -- and honest -- relationships I ever had.

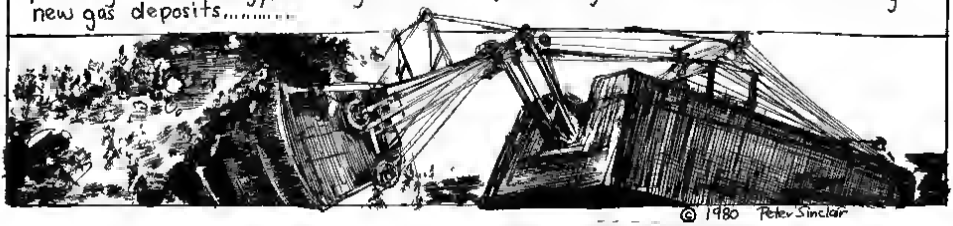
WELL, DOESN'T THAT JUST PROVE WHAT I'VE ALWAYS SAID?
WE SHOULD NEVER HAVE ELECTED A LESOTHOSAURUS. I MEAN... WHAT DO WE KNOW ABOUT HIM? NOTHING!
OH DEAR
CARNOSAUR HERALD
"END OF RECESSION IN SIGHT"
LOOK, THAT WAS THE DOOR. I'D BETTER GO AND SEE...
.. WORK YOURSELF TO FUCKING DEATH... WHAT DO YOU GET?
KVAK
IT'S ROGER, STEVE...
HI, STEVE. LISTEN, DO YOU STILL HAVE THAT OLD PUSH-MOWER? THE HOVER'S ON THE FRITZ AND IF I DON'T GET THE LAWN DONE MARION'LL GO FUCKING CRAZY
UHH... EXCUSE MY CERATOSAURIAN THERE, EILLEEN.
OH ROGER. COME IN.
HELLO EILLEEN
THAT OLD MOWER? HMMM. SHIT. I DON'T KNOW. I'LL TAKE A LOOK IN A MINUTE OR TWO.
WANNA BEER?
YEAH, SAY, IS IT COLD IN HERE?
YEAH POWER'S OFF PROBABLY WHY YOUR HOVER AIN'T WORKING. YOU SEEN ALL THIS ENERGY CRISIS SHIT IN THE PAPER?
HERE'S YOUR BEER.
THANKS...

MMM. S'GOOD
YEAH. I SEEN IT. IT'S SHIT. YOU'RE RIGHT.
Y'KNOW, IT'S THE ELECTRICAL COMPANIES DOIN' THIS... HOLDIN' OUT FOR ANOTHER UNIT COST INCREASE.
FUCK 'EM.
YEAH AND THEIR FUCKIN' CRISIS.
KLINK
WELL, I DON'T KNOW. I WAS TALKING TO ALICE'S GIRL--THE ONE WHO'S IN COLLEGE--AND SHE SAYS THAT WE'RE USING UP OUR RESOURCES TOO FAST.
OH YEAH? WHAT THE HELL DOES SHE KNOW? SHE'S A FUCKING LESBIAN!
WHAT, THAT LITTLE PACHYCEPHALOSAURUS WE SAW LAST WEEK? A LESBIAN? REALLY?
STEVE, DIANE IS NOT A LESBIAN!
LISTEN, I DON'T GIVE A FUCK WHAT SHE IS. I JUST DON'T WANNA HAVE TO LISTEN TO THIS RESOURCES SHIT. WHAT ABOUT ALL OUR OTHER RESOURCES? WHAT ABOUT FOSSIL FUELS?
OH STEVE, GIMME A BREAK! THIS IS THE CRETACEOUS! THERE AREN'T ANY FOSSIL FUELS YET!
HM
WELL, I STILL SAY SHE'S A LESBIAN
LET'S GO AND FIND THAT MOWER
THANKS FOR THE BEER, EILEEN
'WELCOME.
URP!

I THINK I SAW IT OUT AROUND HERE SOMEPLACE.
YEAH
JESUS YOU EVER REMEMBER A WINTER LIKE THIS, STEVE?
WELL, FUCK. THE WINTER OF '48 WASN'T ANY CAKEWALK. AND '52. '52 WAS BAD TOO.
OH YEAH '52. I REMEMBER THAT YEAH THAT WAS BAD.
YEAH WELL, THAT'S MY POINT '52 WAS THE FUCKIN' PITS OF THE WORLD. AND YET HERE WE ARE, STILL MUDDLIN' THROUGH...
WHERE THE FUCK DID I PUT THAT FUCKING THING?
IS THIS IT?
AH FUCK
SHIT. I'M SORRY ROG.
HEY, LOOK DON'T WORRY ABOUT IT IT'S ONLY MY FUCKING LAWN, RIGHT?
I MEAN... IT'S NOT THE END OF THE FUCKING WORLD.
LATER, THE POWER CAME BACK ON FOR AN HOUR AND EILEEN HOOVERED THE KIDS ROOM AND STEVE WATCHED "NODOSAURUS PATROL". IT WAS EARLY EVENING IN THE LATE CRETACEOUS...
END.

When most people think about new resources of energy, they think of "producing" more energy, mining more coal, drilling for more oil, or finding new gas deposits.....



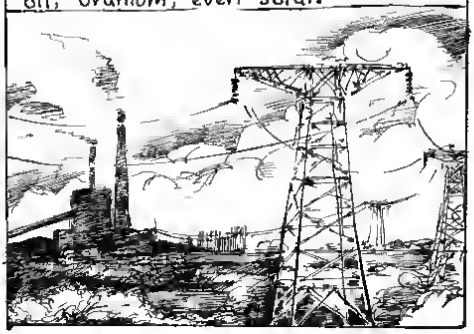
© 1980 Peter Sinclair

# CONSERVATION

## our best new energy resource

But remember, none of these processes "produce" energy. The energy of coal, for instance, is stored solar power from ancient forests.....

.. all man does is find it and convert it to a more useful form. The same is true for all our sources of energy, oil, uranium, even solar.



In this country, huge amounts of energy pass out of our windows, walls, chimnies and exhaust pipes each day. In fact almost half of what we use is lost...

If we could tap this enormous flow of energy, and convert it to a more useful form, it would be as valuable as many, many, new oil fields.

This is the idea of Energy Efficiency.

After all, what do we want from our energy supply, more and more Killowatts?

No, what we want is lighting, warmth, power for appliances. In short, not necessarily more energy, but more energy services.

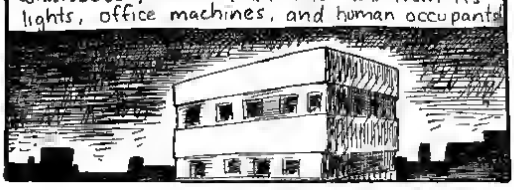
We can provide energy services with much less consumption, and only very simple changes are needed to cut down our energy needs.

The idea that low energy living must be difficult and uncomfortable is mistaken. Most of the changes that need to be made are simple, inexpensive, and have minimal impact upon daily life styles.

For instance, the proper use of windowshades, to keep heat out in summer and inside in winter, could save our country's homeowners the equivalent of 160 million barrels of oil per year!

At Boston University, a switch to energy saving shower heads produced a savings of 1600 dollars per month in hot water bills!

In Toronto, the new 20 story headquarters of Ontario Hydro uses no energy inputs whatsoever, other than the heat from its lights, office machines, and human occupants!

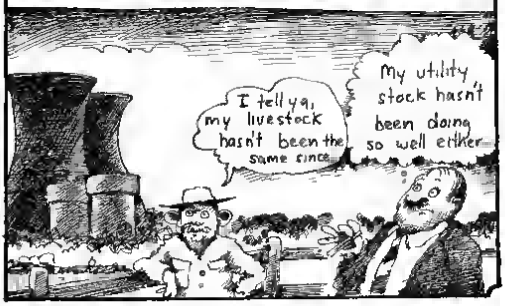


A utility found that with a conservation program for their customers, they could increase their own profits and serve more customers with the same amount of fuel...

In America, utility laws and rate structures have been designed to encourage growth in demand. This may have been a good idea once, but no longer. Nowadays it actually pays for utilities to build generating plants that stand idle and unused!

Nowadays this is beginning to change. We have reached the point of diminishing returns with the old ways.... and people are starting to wonder if this is the best way to continue.....

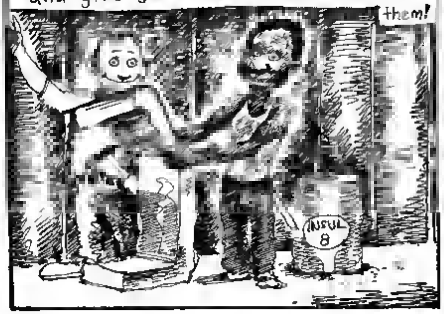
The philosophy that "bigger is better" has not always been true. A big project that goes astray is a big headache for everyone. Just look at the fiasco of Three Mile Island.....



General Public Utilities, which owns 3 mile Island, has reviewed many of its old practices, and decided that it could meet its demand with a conservation program far more cheaply than with building new power plants.

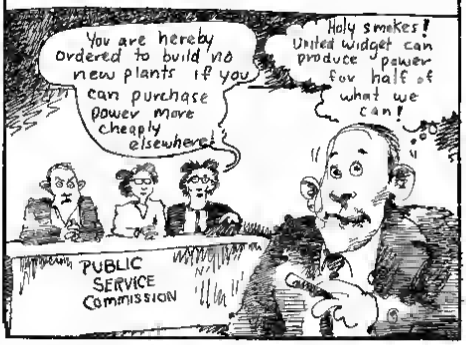
This is important! In many states, utility bills are so high that the state gives aid to help the poor and elderly pay them. But this money doesn't really help the poor, it goes straight to the utility... actually subsidizing their high costs!

What if this money were spent on insulation programs, which would permanently lower peoples energy bills, cut our national oil consumption and give jobs to workers who need them!

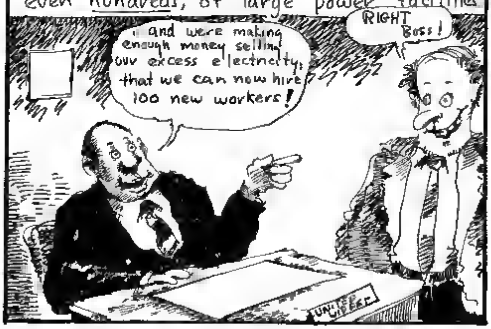


There are other tremendous opportunities for savings. For instance, many large industrial sites produce their own steam and electricity, sometimes more than they need. But the law says only utilities are allowed to sell electricity....

What if the rules were changed to allow anyone to sell power? Wouldn't the increased competition and supply lower our electrical rates? Public Service Commissions could make these changes and have done so in California.....



In California, bringing this until now untapped capacity on line is expected to produce new electricity equivalent to 6 huge nuclear plants. Nationwide — we could avoid the construction of dozens, even hundreds, of large power facilities



Since we would be increasing our energy production with little increase in fuel consumption — we could avoid the environmental damage of developing new supplies of coal or uranium....

With 6% of the world's people, our country uses 30% of the world's resources. Obviously we have great potential to economize and conserve. The simple changes that we need to make are much less expensive than it would be to produce new energy sources, and making these changes will produce many, many, jobs for those that need them most. As energy costs rise, conservation techniques gain a greater foothold, not because a government is forcing them on us, but because they simply make sense!

THE EVOLUTION of RAIN FOREST HABITATS has occurred in equatorial regions around the planet for millions of years. These stable, unchanging environments have given rise to the planet's most diverse & complex ecosystems. The processes of evolution, working without interruption in this stable environment for so many millions of years, have produced specialized organisms to suit every tiny niche. An acre of rain forest may be home to 200 species of trees over 823 species of beetles were collected from a single species of tree!

DISTRIBUTION: Nowhere on the planet is there more light, warmth & precipitation than in west-central Africa, southeast Asia & the islands of the western Pacific, & South America from S. Mexico across the Amazon Basin to southern Brazil. As a consequence, these lands are blanketed by the densest & richest proliferation of plants anywhere. These evergreen rain forests are more widely known as "jungles."
Left in peace, rain forests unbuild ring the equator, wherever days are hot & precipitation is high. Farming, ranching, logging, mining & roads have dramatically reduced their original range.
An estimated 7% of the planet's land area is covered with tropical rain forests — an area roughly the size of Europe. Green plants are the "primary producers" of the biosphere, converting solar energy into organic compounds that maintain the plants & other living things. Because forests trap nearly half of the biosphere's total energy, the destruction of rain forests will undoubtedly have long-lasting consequences for most species living on the planet.
When the forests are destroyed, precipitation drops dramatically. The rain that does fall, falls on denuded land, washing away the precious, irreplaceable topsoil, & ultimately leading to desertification. Because virgin rain forest ecosystems are ancient in origin, their re-establishment is not likely.

DESTRUCTION: Estimates of the magnitude, pace & percentage of destruction of the planet's tropical rain forests vary widely. The greatest destruction comes from conversion of primary forest (to agriculture, pasture, ortree plantations) or modification (logging, improvishment through selective logging of the most valuable species, fragmentation, conversion of primary forest areas before they are even classified). The long range consequences of this biological impoverishment cannot be measured. It is irrevocable that without drastic changes in human attitudes & activities, the planet's ancient tropical rain forests could be gone forever by the year 2100, — only by transcending selfish, petty national interests will we, as a species, be able to arrest & reverse this senseless destruction. Responsibility for all this lies squarely on industrialized nations, including the U.S.
The Rainforest Action Network & Earth First! in conjunction with the Rainforest Information Centre, Friends of the Earth & other environmental groups, are working to expose corporate & governmental complicity in the destruction. Pressure from a worldwide network of activists around the world, can help to save the remaining rain forests.
Our species reputation is mushrooming — from 1 billion in 1850 to 5 billion in 1987 — a mill on annually at their rate. Population will reach 6,000,000,000 around 2000 & 8,000,000,000 around 2025. Most of the increase will occur in the tropics.
Our species is destroying the tropical rain forests at the rate of 50 acres per minute — nearly an acre each second. (Similarly conservative estimates of the destruction of the genetic diversity found in rain forests vary widely as many as half the planet's species of plants & animals live in the tropical rain forests. Their numbers cannot be accurately tabulated, for as new species are being classified, species are disappearing. Many species of rain forest trees become extinct before they are even classified. The long range consequences of this biological impoverishment cannot be measured. It is irrevocable that without drastic changes in human attitudes & activities, the planet's ancient tropical rain forests could be gone forever by the year 2100, — only by transcending selfish, petty national interests will we, as a species, be able to arrest & reverse this senseless destruction. DISTRIBUTION: NOWHERE ON THE PLANET IS THERE MORE LIGHT, WARMTH & PRECIPITATION THAN IN WEST-CENTRAL AFRICA, SOUTHEAST ASIA & THE ISLANDS OF THE WESTERN PACIFIC, & SOUTH AMERICA FROM S. MEXICO ACROSS THE AMAZON BASIN TO SOUTHERN BRAZIL. AS A CONSEQUENCE, THESE LANDS ARE BLANKETED BY THE DENSEST & RICHEST PROLIFERATION OF PLANT & ANIMAL LIFE IN THESE EVERGREEN RAIN FORESTS (OR MORE WIDELY KNOWN AS "JUNGLES"). LEFT IN PEACE, RAIN FORESTS WOULD RING THE EQUATOR WHEREVER DAYS ARE HOT & PRECIPITATION IS HIGH. FARMING, RANCHING, LOGGING, MINING & ROADS HAVE TRAUMATICALLY REDUCED THEIR ORIGINAL RANGE.
AN ESTIMATED 7% OF THE PLANET'S LAND AREA IS COVERED WITH TROPICAL RAIN FORESTS, AN AREA ROUGHLY THE SIZE OF EUROPE. GREEN PLANTS ARE THE "PRIMARY PRODUCERS" OF THE BIOSPHERE, CONVERTING SOLAR ENERGY INTO ORGANIC COMPOUNDS THAT MAINTAIN THE PLANTS & OTHER LIVING THINGS. BECAUSE FORESTS FIX NEARLY HALF OF THE BIOSPHERE'S TOTAL ENERGY, THE DESTRUCTION OF RAIN FORESTS WILL UNDOUBTEDLY HAVE LONG-LASTING CONSEQUENCES FOR MOST SPECIES LIVING ON THE PLANET.
WHEN THE FORESTS ARE DESTROYED, PRECIPITATION DROPS DRAMATICALLY. THE RAIN THAT DOES FALL, FALLS ON DENUDED LAND, WASHING AWAY THE PRECIOUS, IRREPLACEABLE TOPSOIL, & ULTIMATELY LEADING TO DESERTIFICATION. BECAUSE VIRGIN RAIN FOREST ECOSYSTEMS ARE SO ANCIENT IN ORIGIN, THEIR RE-ESTABLISHMENT IS MOST UNLIKELY.

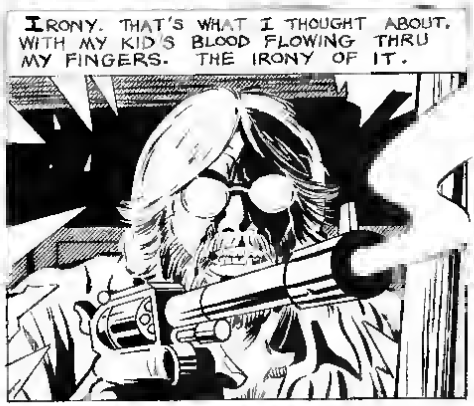
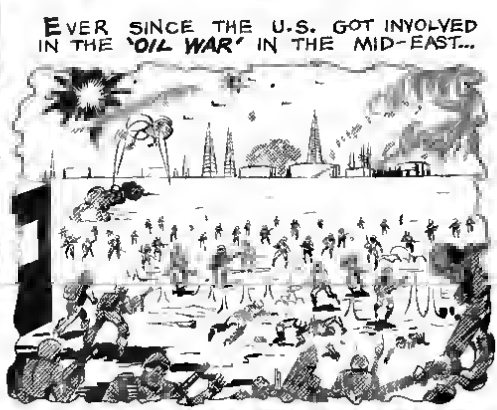
HELLO! I'M NELSON ROCKEFELLER, THE ENERGY VAMPIRE! YOU KNOW, I'M DEAD, BUT THIS STORY IS SO GOOD I HAD TO COME BACK TO TELL YOU ABOUT IT! IT'S ABOUT ENERGY—OR RATHER SOME OF THE FAR-REACHING SIDE EFFECTS OF THE SCRAMBLE FOR THE STUFF! A FEW STRAY NOTES IN AN...
OVERTURE TO ARMAGEDDON!
CALIFORNIA. THE NEAR FUTURE.
GREENWOOD '81
CRASH!
CHUCKA-CHUCKA!

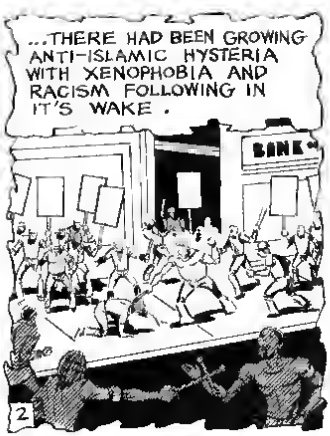
BLAMM!



IRONY. THAT'S WHAT I THOUGHT ABOUT. WITH MY KID'S BLOOD FLOWING THRU MY FINGERS. THE IRONY OF IT.



EVER SINCE THE U.S. GOT INVOLVED IN THE 'OIL WAR' IN THE MID-EAST...



...THERE HAD BEEN GROWING ANTI-ISLAMIC HYSTERIA WITH XENOPHOBIA AND RACISM FOLLOWING IN IT'S WAKE.
BANK

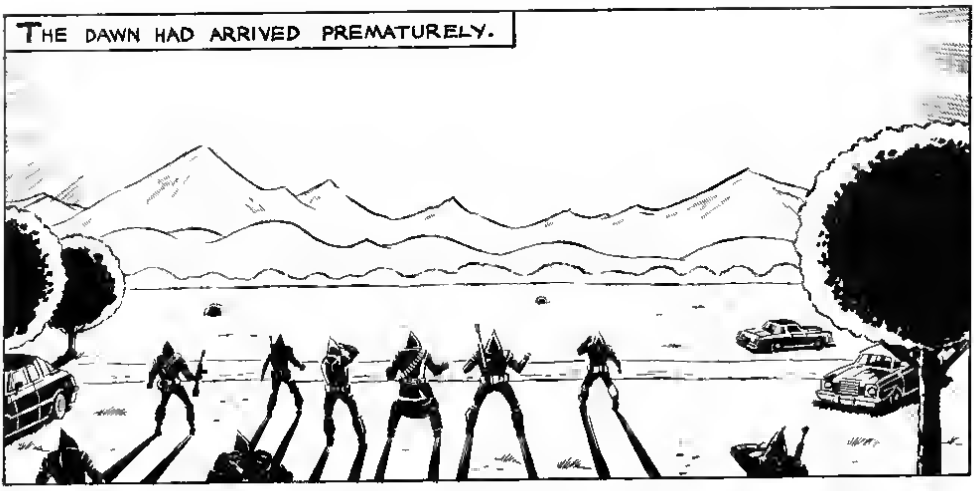
THE KU KLUX KLAN EMERGED IN THE FORE-FRONT OF A HORDE OF RIGHT WING PARAMILITARY GROUPS.

THINGS WERE GETTING TOO HOT IN LA -- CRIME, TRIGGER-HAPPY COPS, NAZIS, VIGILANTIES,...
...AND FINALLY SHOOT-OUTS AT THE GAS LINES.

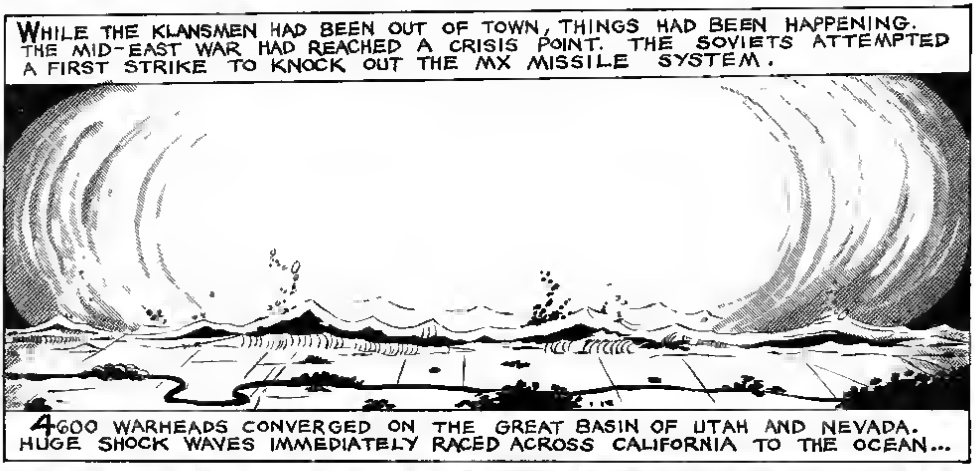
I PACKED UP MY FAMILY...
... AND MOVED TO AN ISOLATED FARMHOUSE UP NORTH NEAR THE NEVADA BORDER.
FREED FROM MY JOB AT A COMMERCIAL ART FIRM IN LA, I DEVOTED MYSELF TO MY FIRST LOVE, SCULPTURE. LYNN TOOK A JOB TEACHING IN THE LOCAL COMMUNITY COLLEGE.
MOVE OVER, MICHELANGELO!
WE PLANTED A GARDEN AND I INSTALLED SOLAR HEATING PANELS ON THE ROOF.
THINGS WERE GOING GREAT UNTIL ONE NIGHT WE FOUND A CROSS BURNING IN OUR YARD. LYNN IS OF JAPANESE DESCENT. I NEVER THOUGHT MUCH ABOUT IT.
APPARENTLY SOMEONE ELSE DID.
A MONTH LATER, MY OLD PAL, LARRY THE BASS PLAYER, AND HIS WIFE JO CAME UP FOR A VISIT...
WHAT'S HAPPENIN', LARRY?
MY MAN, RICK!
THE PEOPLE WITH THE CROSS WERE NOT HAPPY.
I WAS TORN BACK TO THE PRESENT BY A SUDDEN BARRAGE OF GUNFIRE.
GET DOWN!!

I KEPT MY HEAD TO THE FLOOR FOR AN INTERMINABLE TIME.
THIS CAN'T BE HAPPENING!
IT ENDED AS SUDDENLY AS IT BEGAN... LEAVING A CASUALTY.
JO!! JO'S BEEN HIT!!
I'M GONNA TRY TO REACH THE PHONE!
STAY DOWN!
IT'S PROBABLY BEEN CUT!!
DON'T...
AN ETERNITY IN HELL WAS CUT SHORT.
A GRENADE.
LARRY WAS DEAD.
4

SHRAPNEL IMBEDDED ITSELF IN MY STOMACH. THE CABIN WAS ON FIRE. IT FILLED WITH SMOKE.
I REMEMBERED THIS STORY I ONCE READ BY ERNEST HEMINGWAY.
THERE'S THIS LION THAT'S BEING HUNTED. IT'S WRITTEN FROM THE LION'S POINT OF VIEW. HE'S WOUNDED AND HE'S HIDING IN TALL GRASS.
HE CHARGES THE HUNTERS. THEY'RE PUMPING ROUND AFTER ROUND INTO HIM AND HE JUST KEEPS COMING. HALF HIS HEAD IS GONE AND HE'S CRAWLING AND HE JUST KEEPS COMING. HE KNOWS HE'S DEAD BUT HE'S HELL-BENT ON TAKING THEM WITH HIM.
I ALWAYS THOUGHT THAT WOULD BE THE WAY TO DIE.
EPILOGUE: SOMETIME LATER, THE KLANSMEN WALK AWAY FROM THE NOW STILL FARMHOUSE...
... WALKING TOWARD THE EAST.
BOYS, WE LOST A FEW MEN BUT WE GOT THOSE NIGGER-LOVERS!
JUST LIKE OUR BOYS OVERSEAS ARE GONNA GIT THEM A-RABS!
JUST THEN, THE SKY LIT UP.
5

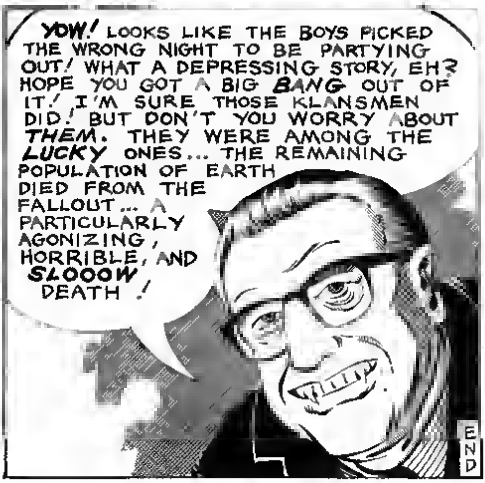


THE DAWN HAD ARRIVED PREMATURELY.



WHILE THE KLANSMEN HAD BEEN OUT OF TOWN, THINGS HAD BEEN HAPPENING. THE MID-EAST WAR HAD REACHED A CRISIS POINT. THE SOVIETS ATTEMPTED A FIRST STRIKE TO KNOCK OUT THE MX MISSILE SYSTEM.
4600 WARHEADS CONVERGED ON THE GREAT BASIN OF UTAH AND NEVADA. HUGE SHOCK WAVES IMMEDIATELY RACED ACROSS CALIFORNIA TO THE OCEAN...

...TO SWEEP AWAY THE PETTY AFFAIRS OF WOMEN AND MEN.
6



YOW! LOOKS LIKE THE BOYS PICKED THE WRONG NIGHT TO BE PARTYING OUT! WHAT A DEPRESSING STORY, EH? HOPE YOU GOT A BIG BANG OUT OF IT! I'M SURE THOSE KLANSMEN DID! BUT DON'T YOU WORRY ABOUT THEM. THEY WERE AMONG THE LUCKY ONES... THE REMAINING POPULATION OF EARTH DIED FROM THE FALLOUT... A PARTICULARLY AGONIZING, HORRIBLE, AND SLOOOW DEATH!

# SUPER COSMIC COMIC CREATOR COMIX

© 1977 W. WOOD

KILGORE LEMMING WAS AN AVERAGE AMERICAN MIDDLE-CLASS NEUROTIC ACCIDENT-PRONE LEGENDARY BUT IMPOVERISHED CARTOONIST...

A DEGREE FROM THE FAMOUS ARTISTS SCHOOL OF WESTPORT, CT. AND TEN YEARS OF TWELVE PANEL PAGES FOR THE UNDERGROUNDS, BUT SOCIETY STINKS WORSE THAN EVER. EVERYBODY ELSE SOLD OUT, AND NOW IT'S **MY** TURN!

TODAY I HAVE A PERSONAL APPOINTMENT WITH THE GREAT SID KNEE, EDITOR-IN-CHIEF OF MAMMOTH MANAGEMENT MONOPOLIES, THE WORLD'S GREATEST COMIC BOOK COMPANY!

HEY! THAT WEIRD LOOKING CHARACTER IS WANDERING INTO THE SUBWAY TUNNEL! SHOULDN'T SOMEBODY DO SOMETHING?

IS BETTER YOU SHOULDN'T NOTICE EVERTHING, DOLLINK. IN FACT, THE LESS THE BETTER.

DIDN'T YOU USED TO WORK FOR THE KATZENJAMMER KIDS?

OH YAH! ZO YOU REMEMBER ME, EH? DOZE KIDS, DEY TAUGHT ME HOW TO SURVIVE IN NEW YORK ZITTY.

HOLD IT RIGHT THERE, LEMMING! I'M THE MYSTIC MESSENGER, AND THIS IS THE MESSAGE: YOU HAVE BEEN APPOINTED KEEPER OF THE **WORDS**! ONLY UNTIL SUPERCEDED BY BETTER WORDS, OF COURSE.

THE WORDS ARE BEN DAY, A MODERN MIRACLE OF SCIENCE THAT CAN TONE LINE DRAWINGS IN PERFECT PATTERNS OF LINES AND DOTS.

IT CHANGED MINE.

CATCH YOU LATER I'VE GOT A DATE WITH BILLY BADSON AT THE AUTOMAT. WHAT AN **ASS** ON THAT BOY!

BEN DAY! JUST IMAGINE! BRUTE ENERGY AND NERVE, COMBINED WITH DANDRUFF, ACNE AND YAWS, IT'LL CHANGE YOUR LIFE.

HRUMMRUM

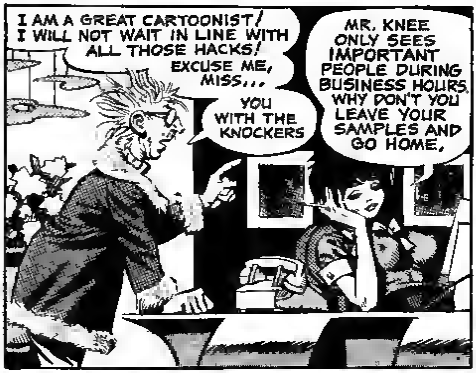
KA-FT

POW!

KA-CHUNG!

GOOD MORNING. I HAVE AN APPOINTMENT WITH MR. SID KNEE.
TAKE A SEAT, PLEASE.
ALL THOSE OTHER CARTOONISTS HAVE APPOINTMENTS TOO, YOU'LL JUST HAVE TO WAIT YOUR TURN.

HOW LONG HAVE YOU BEEN WAITING?
REMEMBER THE BEATLES?
THAT LONG!
THEY MIGHT GET BACK TOGETHER, YOU KNOW.
BIRDS BUGS AND MUSIC



I AM A GREAT CARTOONIST/ I WILL NOT WAIT IN LINE WITH ALL THOSE HACKS!
EXCUSE ME, MISS...
YOU WITH THE KNOCKERS
MR. KNEE ONLY SEES IMPORTANT PEOPLE DURING BUSINESS HOURS. WHY DON'T YOU LEAVE YOUR SAMPLES AND GO HOME.

NOW I'M FURIOUS! I'M SO MAD I DON'T CARE WHAT HAPPENS!
BEN DAY

IT'S WORKING!
THEY PAY ME TO HUMOR THESE CREEPS, BUT THIS GUY IS REALLY OBNOXIOUS!
RRIP!
PAF!
FOOM!
KRUNCH!

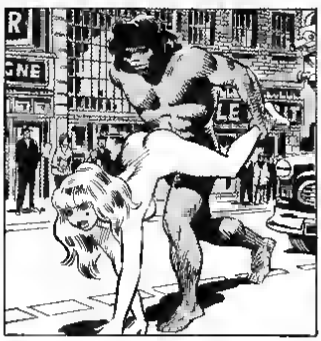
NOW MAYBE YOU LISSEN TO KILGORE! ME GOT TWO O'CLOCK APPOINTMENT, WOMAN!
I'M BEING VIOLATED BY A MAD CARTOONIST!
BUT JESUS, WHAT A THRILL!

SUPERHERO INCEST? HARRY, INCEST IS KID STUFF THIS YEAR! WE NEED SOMETHING WITH BALLS! SOMETHING TO RIP THE GUTS OUT OF THOSE SLOBBERING LITTLE CRETINS!
BUT REMEMBER, HARRY... WE CAN'T OFFEND THE CODE.
NOW ABOUT THAT PORNO TITLE, HARRY. IT'S 80-20 OR NOTHING! TAKE IT OR LEAVE IT. AND DON'T BRING MY MOTNER INTO IT... I KNOW SHE'S YOUR MOTNER TOO.
KA-BI-AM!
KILGORE SEE BIG PUBLISHER NOW!
UGH! YOU BUY KILGORE'S CARTOONS!
OH! YOU'RE A CARTOONIST! FOR A MINUTE THERE I THOUGHT YOU WERE SOME KIND OF NUT!
CRUNCH!!
RRIP!
I'M SORRY, I NEVER LOOK AT CARTOONS I HAVEN'T SEEN BEFORE, AND I'M MUCH TOO BUSY TO SEE NEW ONES!
OF COURSE, I MIGHT MAKE AN EXCEPTION IN YOUR CASE.
SPRONG!
YOU LET KILGORE KNOW WHEN YOU GONNA BUY CARTOONS!
DYNAMIC SORT OF FELLA!
INTERESTING TITLE, TOO-- "THE LIFE OF A MULE" AND THIS SPLASH PAGE SHOWING A PANORAMA OF DEATH VALLEY IS SENSATIONAL!
MISS RITTENHOUSE! GET IN HERE WITH SOME BAND AIDS!

PULL YOURSELF TOGETHER, MISS RITTENHOUSE. I THOUGHT YOU WERE A WOMAN OF THE WORLD.
HE'S SO MYSTERIOUS ...SO COMPLEX... I DIDN'T THINK ANY MAN COULD MOVE ME LIKE HE DID.
I'VE NEVER SEEN BETTER ANIMAL ANATOMY IN MY ENTIRE CAREER. THESE CARTOONS AND YOUR TITS ARE GIVING ME IDEAS!
MINUTES LATER, ACROSS TOWN...
COULD BE YOUR NEXT BIG TREND, SID...
NAKED PEOPLE AND NAKED ANIMALS TOGETHER SOUNDS LIKE A NATURAL COMBINATION TO ME.
WE'VE GOT TO SIGN THIS GENIUS TO AN EXCLUSIVE CONTRACT BEFORE HE SLIPS OUT OF OUR HANDS — — NO ONE ELSE WILL DO!
MEANWHILE, AT CHOCK-FULL-O-NUTS...
WHERE AM I? OH, NOW I REMEMBER... GUESS I'VE BLOWN MY CHANCES FOR A SUCCESSFUL CARTOONING CAREER, BUT WHAT THE HELL, IT WAS WORTH IT!
HEY, MAN, YOU'RE DYNAMITE!
I FOLLOWED YOU, EVER SINCE I SAW YOU ON THE SUBWAY PLATFORM! YOU REALLY GO THROUGH SOME CHANGES!
PLEASE!
"...NOT HERE...
SHHH!
TAKE OFF YOUR CLOTHES, BABY!
HUSH!
WOW! I NEVER HAD IT LIKE THAT BEFORE! "RIGHT IN FRONT OF BLOOMINGDALE'S! ZOWIE!
OH, YES... MY NAME IS KARISMA FARROW!
I WANT TO BE A MOVIE STAR!
KILGORE LEMMING. HE COULD HAVE BEEN ONE OF THE GREATS. BUT HE GAVE IT ALL UP FOR JUST TWO MAGIC WORDS AND A PARADE OF TAWDRY THRILLS...
DON'T ASK ME, I ONLY WORK HERE.
THANK GOD NEW YORKERS NEVER NOTICE ANYTHING!
I WONDER IF I SHOULD SAY THAT MAGIC WORD AGAIN?
I'LL SAY ONE THING FOR IT... IT CERTAINLY HAS CHANGED MY OUTLOOK ON LIFE!
WILL KILGORE LEMMING DARE TO UTTER THE MAGIC WORDS IN A BRIGHTLY LIT MANHATTAN COFFEE SHOP IN FRONT OF ALL THESE PEOPLE? WOULDN'T YOU?

AND SO KILGORE BEGINS HIS NEW LIFE. BY DAY HE IS KILGORE THE BARBARIAN...

MAKING FILMS, MAKING PERSONAL APPEARANCES, MAKING MONEY...

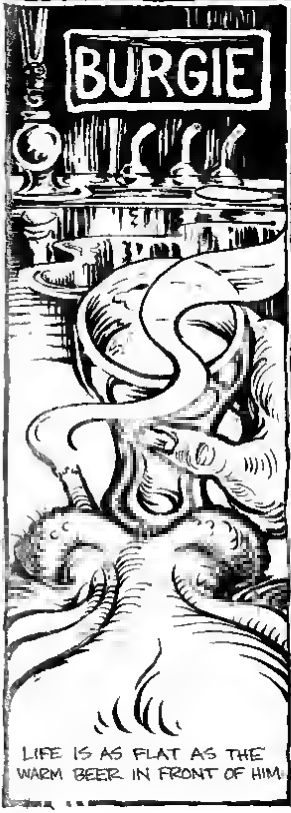


AND BY NIGHT HE DRAWS THE ADVENTURES OF KILGORE THE BARBARIAN.

AND THE MORAL IS: SOME TALENT, HARD WORK, AND A BIT OF LUCK ARE ALL YOU NEED TO MAKE IT IN THE GLAMOROUS CARTOONING PROFESSION.

IF YOU KNOW A FEW MAGIC WORDS!

WE HADN'T HEARD FROM GREGOR LATELY.. WE'D GIVEN HIM UP FOR DEAD, AND EVEN WHEN WE FOUND HIM, WE COULDN'T TELL FOR SURE. BUT HERE HE IS, HARD AT IT, PONDERING THE ABSURDITIES OF AN URBAN GORILLA TOUGHING IT OUT IN THE COLD WORLD. THESE DAYS HE DOESN'T HAVE SO MUCH TIME TO WORRY ABOUT WHAT IT ALL MEANS... IT TAKES ALL THE ENERGY HE CAN MUSTER JUST TO DEAL WITH PROCURING THE NECCESSITIES ... BEER, CIGARETTES, AND SPARE CHANGE FOR TWINKIES. IN SHORT, GREGOR HAS BEEN CAUGHT IN THE CRUNCH. HE DIDN'T HAVE MUCH TO BEGIN WITH, AND THE SITUATION HAS BEEN DETERIORATING BY THE SECOND. IN ADDITION TO HIS WANING BANK ACCOUNT, HIS PSYCHIC RESERVED ARE SAPPED AND THERE'S NO RELIEF IN SIGHT. GREGOR IS DEPRESSED.

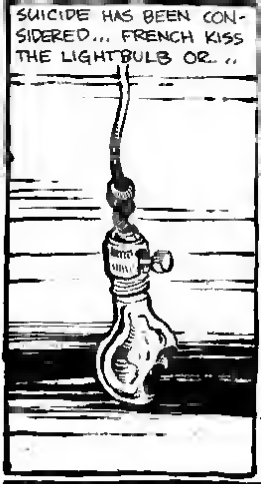


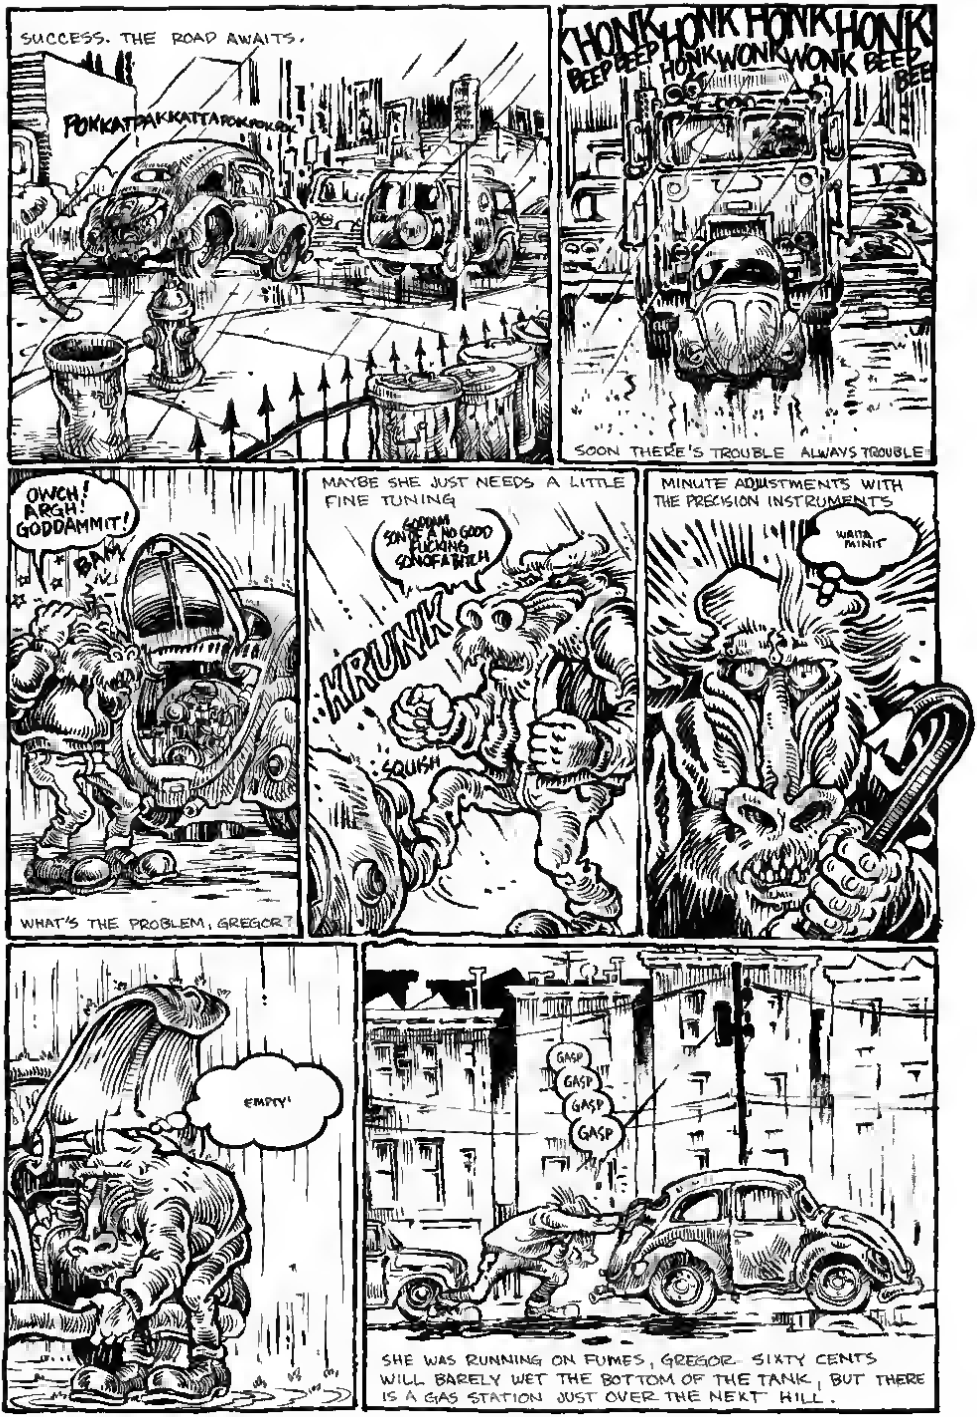
LIFE IS AS FLAT AS THE WARM BEER IN FRONT OF HIM.

SIXTY CENTS AND A PACK OF LUCKIES, GREGOR.

IT'S TIME TO HEAD FOR HOME.

NOT THAT THERE'S MUCH TO RECOMMEND HOME. IN HIS DEPRESSION, HE'S LET THINGS SLIDE A BIT.





SUCCESS. THE ROAD AWAITS.
